

BOW VALLEY HOCKEY SOCIETY is committed to providing opportunities and resources for our players. We continually receive feedback about parents wanting our players to get better at shooting.

We have created a **7000 PUCK CHALLENGE** for our players to complete during the time frame of Oct 1, 2021 - March 1, 2022.

We have also **linked** each shot type to a video so that our players can get a visual on how to properly complete the shot (**mouse click each title**).

Players who **complete the challenge** and **submit this form** will be entered into draws for some great prizes!

SHOOTING IN MOTION

This shot is done with the players toes facing the net, and the puck is pulled back in line with players heels, and hands are pushed out in front of body. Players walk on the spot as they shoot to simulate shooting in motion.
